What Is Changing in 2013 for you as a Medicare-Eligible Retiree

- Effective January 1, 2013:
  - Bayer coverage ends; you buy coverage in individual marketplace
    - If eligible, Bayer will help you pay for this coverage by contributing to an HRA
  - Extend Health helps you choose and enroll in your plan
What Is Changing in 2013 for you as a Medicare-Eligible Retiree (con't)

- Between now and December 31, 2012:
  - Current coverage remains the same; use the plan as you do today
    - Most retirees since 1984 are impacted by this change
    - Retirees prior to 1984 and certain union legacy groups will not be impacted by this change
No Disruption to Your Care

- There will be no disruption to your care if you are currently receiving treatment
  - Be sure to enroll by December 31, 2012 (special enrollment period). If you do, pre-existing medical conditions will not prevent you from receiving coverage.
Why the Change?

- Market for individual Medicare supplement health plans has grown
- Now the individual market offers a variety of medical, prescription drug, dental and vision plans available
- Lower cost is due in part to subsidies provided by the government to individual plans.
- Move to the individual market offers enhanced value, flexibility, choice and personal support for retirees, spouses and/or dependents and surviving spouses
How Much is Your HRA?

- If eligible, your HRA amount is:
  - In cover letter with Extend Health Enrollment Guide
  - Available from Extend Health benefit advisors by phone

- Ranges from $1,200 to $1,800 annually
  - Based on age and years of service at retirement, or
  - Based on acquisition terms
  - Adjusted by CPI

Select Carrier Partners
OPTION 1: Medigap Plan + Part D Plan

MEDIGAP (Medicare Supplement)
A Medigap plan fills the “gaps” in original Medicare Part A and Part B coverage (i.e., helps pay the difference between your costs and the amount original Medicare pays). These plans provide additional coverage for your doctor visits and hospital stays as well as other expenses not covered by original Medicare.

PART D PLAN
A Part D plan supplements Medigap to provide prescription drug coverage. These plans help pay for your prescription drug expenses.

You will need to pay your first premium when you enroll...
OPTION 2: Medicare Advantage Plan with Prescription Drug Coverage *(MAPD)*

MAPD PLAN

An MAPD plan provides an all-in-one plan which bundles your Part A, Part B and prescription drug coverage together with additional benefits. These plans provide coverage for your doctor visits, hospital stays, and prescription drug expenses.

*Note that Medicare Advantage plans are generally network based plans*

Health Reimbursement Account (HRA)
What Is An HRA?

- Tax-advantaged account used to reimburse you for eligible health care expenses
- You must meet Bayer’s eligibility requirements to qualify for the HRA
- Your HRA funds will be available January 1, 2013
Who is Eligible?

- You are eligible for a Health Reimbursement Account (HRA) if Bayer currently helps you pay for the cost of your Bayer group Medicare supplemental plan.
- You will be provided with your HRA amount:
  - In your enrollment cover letter
  - During the call with your Extend Health benefit advisor
- You and your eligible spouse/dependent(s) will share one account that includes two contributions:
  - You can both access the full amount
- If you and your spouse are employed by Bayer and eligible for an HRA, you will both receive the higher of the two HRA amounts in your joint account.
Health Reimbursement Account (HRA)

- **HRA Enrollment Kit**
  - To be mailed in mid-December
  - Ongoing will be mailed prior to beginning of month coverage begins
  - Confirms HRA amount
  - Describes eligible expenses
  - Includes claim and direct deposit request form
  - Reminder how to use HRA, where to get support, reminder of dedicated toll-free line
Bayer contributes to HRA account of eligible participants

CERTIFICATION REQUIRED!
By signing my signature, I certify that the information I'm providing is correct and the expenses for which I'm requesting reimbursement, or for which I'm validating:
- Were incurred for services or supplies received by my eligible dependents or me under the plan;
- Were for services or supplies furnished on or after the date my Health Reimbursement Arrangement (HRA) takes effect;
- Haven't been reimbursed in any other way or from any other source and won't be submitted for future reimbursement; and
- Don't include any amounts that are otherwise payable by plans for which my dependents or I are eligible.
I understand that health care reimbursements aren't eligible deductions on my individual tax return. Claim decisions will be made in accordance with the provisions of the plan.

How Auto-Reimbursement Works

1. Participant pays plan premium to insurance carrier.
2. Insurance carrier forwards receipt of payment to Extend Health.
3. Extend Health verifies receipt of payment and eligibility.
4. Extend Health reimburses participant.
What is Auto-Reimbursement?

- Auto-Reimbursement (AR) allows retirees to be automatically reimbursed for monthly medical and prescription premiums without submitting a claim form or receipt.
- Auto-reimbursement only applies to premiums paid, not out-of-pocket expenses like copayments, deductibles, coinsurance.
- AR is NOT available on all plans.
- Due to the timing of Auto-Reimbursement files AR is usually not the fastest way to get a reimbursement.

Please note: You will need to pay your first premium for coverage before the HRA is available for reimbursement. Talk to your benefit advisor about the reimbursement method that works best for you.
